There has never been so much connection

4 Docking Stations, one promise:
less chaos, more opportunities!

Morning in the home office: coffee's ready, laptop's open. But where the heck is the second monitor? And the charger?! That's exactly what the **IB-DK2252AC** is for. **Dual 4K@60 Hz, 100 W Power Delivery, 6 USB ports, LAN, audio** – everything neat, everything ready to go.

The **IB-DK2251AC** does the same job, just more compact. Perfect for your favorite café spot or working on the train – no compromises. 2 screens, full connectivity, fits in your bag, keeps up with any setup.

Need to present in a meeting room but your laptop only has USB-A? The **IB-DK2245AC** saves the day: **2x 4K screens, LAN, card reader, audio** – all via **USB-A**. Old-school port, seriously modern power.

And if you're constantly switching between meeting rooms, the office, and a shared desk: the **IB-DK2241AC** is your go-to all-rounder. **11 ports, including HDMI®, DVI, LAN**. Just plug in and go. Presentations run smooth, data flows, and all your gear is connected.

Work the way you want

4 models, zero excuses. Dock yourself to the limit.

Three 4K displays at 60 Hz and 10 Gbit/s USB speed? The IB-DK4090-C says: No problem! This docking station pushes pixels, data, and power like it's nothing – makes your old setup look ancient.

The IB-DK2246AC keeps it clean: triple 4K, 6 ultra-fast USB ports, 100 W Power Delivery, and – just because it can – VESA mounting right behind your monitor. Sleek, powerful, and super tidy.

The IB-DK2116-C is your all-round mobile pro with three 4K outputs, LAN, card readers, and USB. Fits in any bag, performs like a beast.

And the IB-DK2106a-CPD? HDMI®, VGA, card reader, 100 W Power Delivery. All packed in a slick aluminum case. Compact, solid, reliable.

More speed. more pictures. More of everything.

Thunderbolt™ 4 with 40 Gbit/s, 8K
and Power Delivery to the max.

40 Gbit/s, two 4K monitors or straight-up 8K, 96 W Power Delivery, 2.5G Ethernet, and more ports than your notebook can handle – that's the **IB-DK8801-TB4**. This docking station isn't a toy. It's your new high-performance command center. For anyone pushing pixels, chasing data, or just not in the mood to wait.

Too much for your taste? Go with its little brother: the **IB-HUB801-TB4**. 3 Thunderbolt™ 4 ports, 85 W Power Delivery, and full daisy chain power. Compact, tough, and faster than most desktop rigs.

Dock & go – always ready

Flexible in format, powerful in function.

Time is precious. You can't rewind it. Having more of it? That's the ultimate gift. That's exactly why the **IB-DK4071M-CU31** and its bigger brother, the **IB-DK4072M-CU31**, exist. Both can transfer **10 GB files** in just over 10 seconds. The tool-free design makes setup a breeze. Which means more time for... whatever you love — like heading outdoors and taking these two with you!

The **4071** sticks magnetically to any **MagSafe-compatible device**, while the **4072** comes with a rugged **rubber case** that **keeps it protected**, even if it takes a tumble.

M.2 Speed – to go

2 compact tools for on the go,
home office or fast SSD access.

These days, everything's way too complicated: Cars are basically high-performance computers, streaming services throw 30 different subscription plans at you, and coffee machines need a degree to operate.

Good thing ICY BOX® likes to keep things simple: 2 products **with non-slip surfaces that stay exactly where you put them** – at home, in a café, or your favorite co-working spot.

The IB1610MCD-C31 and the clone-docking-station hybrid IB-1612MCL-CU31 are here to make your life easier.

USB4® with 40 Gbit/s? Brace yourself, notebook

USB4® is the future.

And ICY BOX® comes with 2 really strong Docks.

The IB-DK408-C41 hits your setup with USB4® and 40 Gbit/s straight on. 2 displays in 4K or one in 8K? Easy! Data, power, LAN, audio – all packed into one device that's smaller than your sandwich. And yep, it even supports Power Delivery up to 60 W.

Need even more? Enter the IB-DK2880-C41: 3x video out, 3x USB, card reader, LAN, audio, 100 W PD – your all-in-one control center for creatives, devs, and anyone tired of hunting for adapters. Still got questions?

Mobile beast in aluminum enclosure

Made for nomads, creatives and anyone who wants to get out the maximum to go.

These mobile docking stations from ICY BOX® pack way more punch than you'd expect. Up to 3 monitors in 4K, or even 8K? You bet! USB-C®, HDMI®, DisplayPort™, LAN, card reader, Power Delivery up to 100 W – all there, all fast, all packed into a compact case that easily fits in your backpack.

Whether you're in the office, on the train, or chilling on the balcony – you're ready to go! No excuses, no hassle. Just plug in and get started.

The classics

Some things never go out of style!

Every DIY enthusiast knows: "Don't fix what isn't broken." Staying true to this principle, the **IB-DK4040-CPD** and its bigger brother, the **IB-DK4050-CPD**, return in all their classic glory: reliable, refined and ready to deliver the performance you've always trusted.

Two enduring best-sellers among docking stations, delivering everything you need: no matter if you're a traditionalist or a modern user.

May we introduce? Your travel buddies!

Compact companions for big adventures.

Working under palm trees on the beach, on a train through the mountains or just in between: **the modern workplace is no longer confined to the office.**

To make sure you don't have to sacrifice comfort on the go, we've created our practical travel docking stations. **Compact, feather-light and easy to store.**

The IB-DK4038-LCD even comes with its own display, giving you **instant access to key information at a glance** and you can rotate it whenever you need.
